Staff Reports

A. District Counsel
Not present.

B. District Engineer

Mr. Scarola stated that he attended a Hillsborough County public meeting regarding an 18-month study the County will be performing, regarding the dredging of areas of Apollo Beach. He stated that after a survey was conducted, the results showed that the South entry channel was the area most residents felt the study should focus on.

A question arose regarding the possibility of using the Developer's results of the bathometric studies performed on some of the channels in order to perform a dredging on the canal in the District. Mr. Scarola stated that it could be done, and that Masters canal ranked the second highest priority from the survey.

C. District Manager

Ms. Wells stated that the District has received a notice from the Hillsborough County Deputy Services stated that the off-duty deputy rates have increased by \$6/hr., taking the rate from \$26/hr. to \$32/hr. She stated that she spoke to Travis, the deputy coordinator for the area, and he stated that he will cut back hours by shaving one to two hours per shift and deputies will work 25 days a month. She stated that this way, there will still be ample coverage. She stated that if anyone had any problems to please contact her. Ms. Wells also stated that this was simply a measure taken to stay within the budget for the District, and the Board could reconsider the issue in the future if any changes occur. She asked if there were any questions or comments. General discussion ensued.

Mr. Williams suggested that the District Staff arrange with the deputies to increase coverage during the peak hours, while leaving the night patrol as it is, to ensure that the issues are addressed from now until the first week of January. He stated that after that point, they will review the expenditures for that period and move some funds from the Miscellaneous account to cover the expenditures used for this issue. He stated that if this creates a shortfall, then later on in the year, they will do a Developer Funding Agreement to help offset the expenditure.

Mr. Williams stated that due to the Board's acceptance of the resignation of Don Whyte, the Chairman's position was now vacant. He recommended that the Board be re-aligned, and move Mr. Coughlin from serving as Vice Chairman to the position of Chairman, and asked for a motion to this effect.

On a Motion by Mr. Jones, seconded by Ms. Wrenn, with all in favor, the Board appointed Chris Coughlin as Chairman of the Board of Supervisors for Harbor Bay Community Development District.
