EIGHTH ORDER OF BUSINESS

Staff Reports

- A. District Counsel
Mr. Craine introduced himself to the Board and provided a brief description of his legal background.

- B. District Engineer
Mr. Scarola stated that there is an issue pertaining to the walls surrounding the ponds located at the end of the cul de sacs in the District. He explained that there is an issue concerning minor cracks in the walls and an issue of an improperly installed water stop that has caused a deep crack which has resulted in water seeping from that pond. He explained that he has consulted the contractor responsible for the original construction who felt the problem was a maintenance issue and suggested the application of injection grout into the cracked areas. Mr. Scarola stated that pond with the water seepage will require extensive repairs than just the application of grout. Mr. Coughlin recommended that possible repair options be researched and brought to the Board for consideration at the next meeting.

- C. District Manager
Mr. Williams stated that there have been requests from residents in the community to hold an informational workshop in relation to the District and HOA's roles within the community. He recommended that a workshop be held on Tuesday, May 12, 2004 from 6:30 p.m. to 8:00 p.m.
